A black and white photograph of a bridge with a decorative railing over a river, surrounded by dense foliage. The bridge's railing features a repeating pattern of stylized, arched motifs. The river below is calm, reflecting the surrounding trees and the bridge itself. The foliage is dense and appears to be in autumn, with some leaves showing lighter tones. The overall scene is peaceful and scenic.

# FEEL THE NEEDS

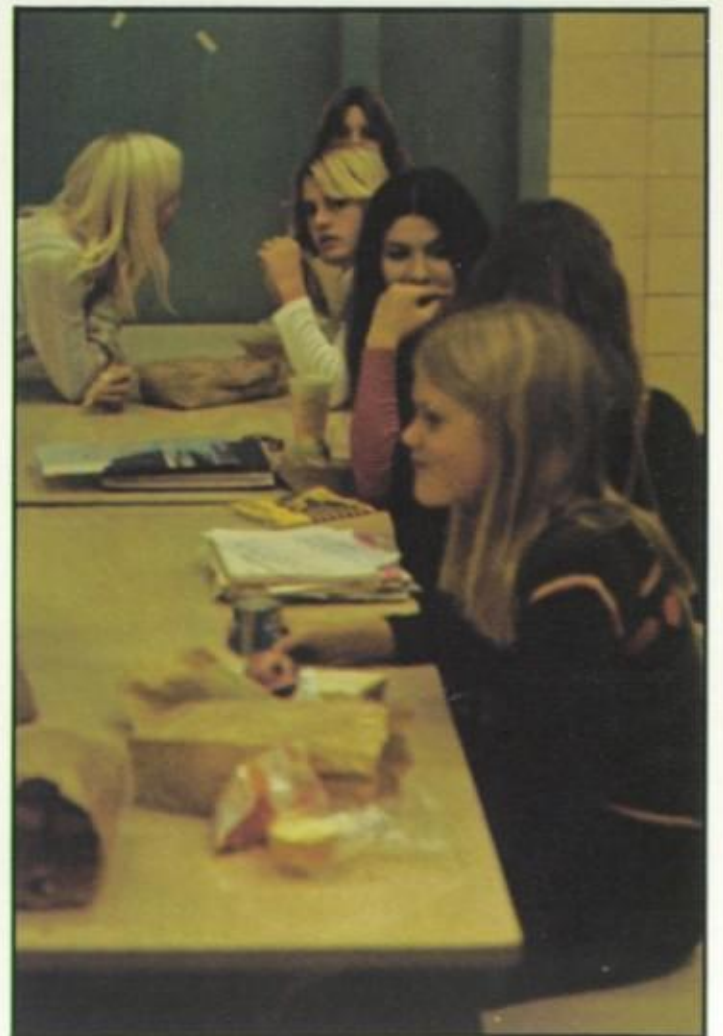

# OTTAWA HILLS IN ANIMATION

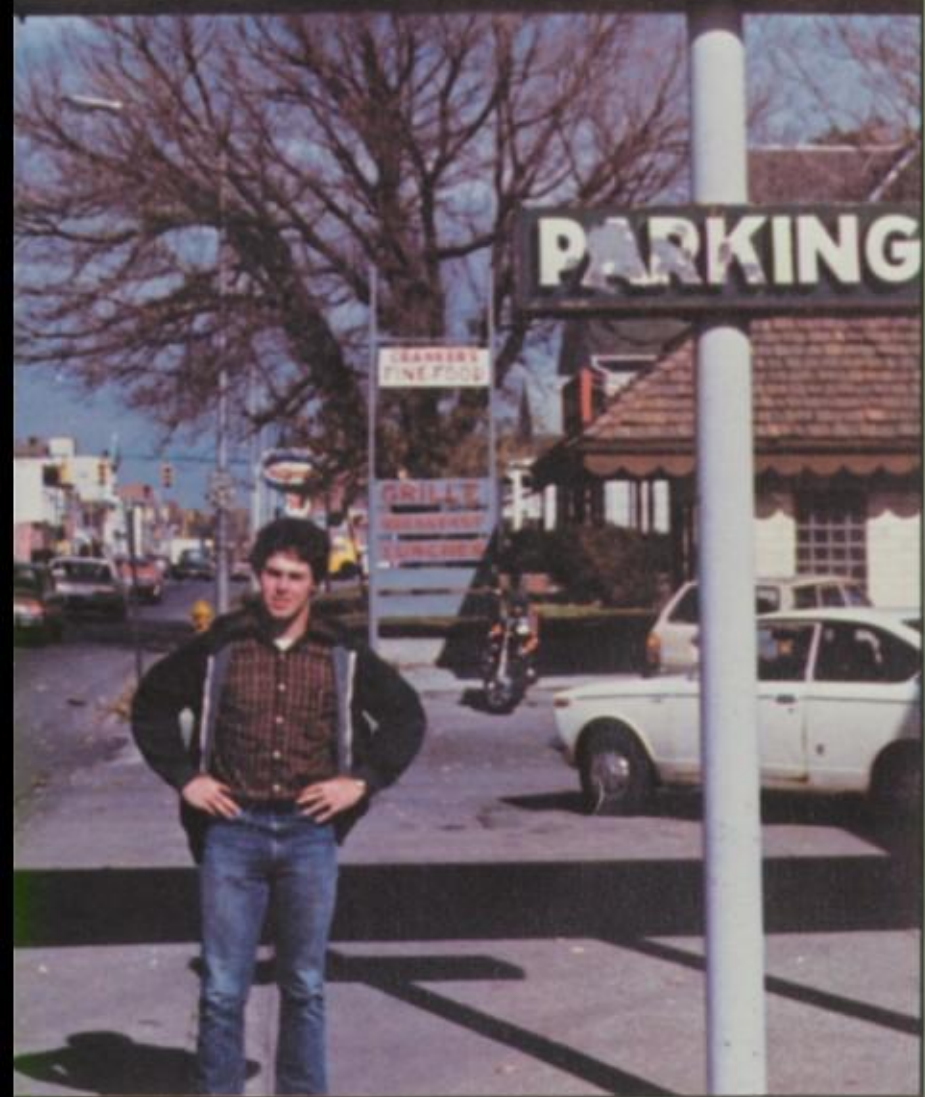

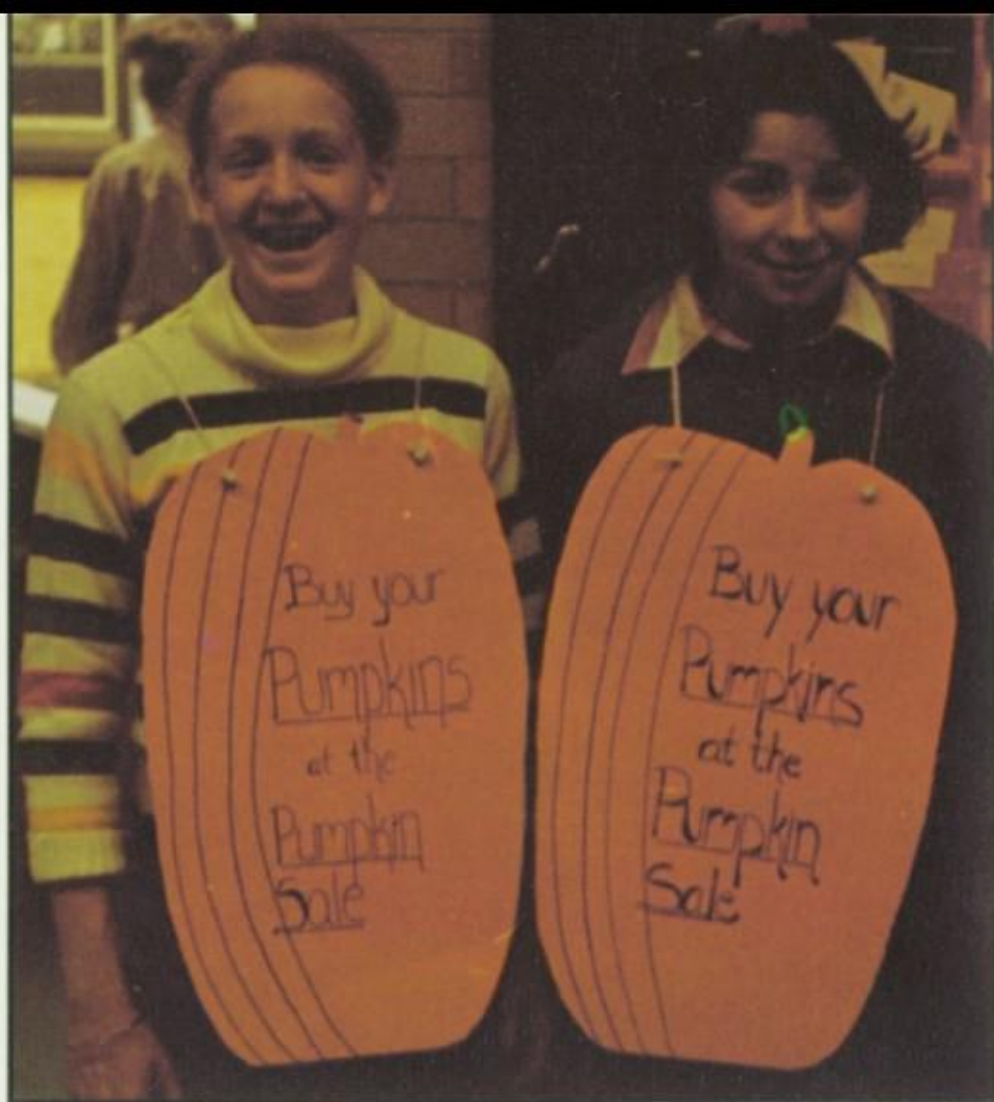

Do you ever feel that the world is spinning past you and you can't keep up? You're not alone! Here at Ottawa Hills High School, students from grades 7-12 are involved in sports, clubs, plays, dances, quiz bowl, not to mention keeping up with their classes.

By 3:16 p.m., the classrooms are abandoned and the corridors are filled with green and white uniforms of all types scattering into the multi and the gym, out onto the field hockey and football fields, and across Evergreen to the tennis courts and baseball diamond. The early morning riser can see the field hockey girls jogging around the track and the cross country team running everywhere else.

Back in the main hall, Green Derby members are hawking Homecoming mums trying to grab customers away from screaming Junior High students dressed as pumpkins. During lunch, brown baggers dart for safety from the menacing high kicks of the cheerleaders practicing their skit for the Homecoming pep assembly. Teachers step carefully across the slippery floor where some formidable seniors supervise a victimized underclassman scrubbing the Arrowhead with a toothbrush, his punishment for stepping upon sacred ground. Starving brown baggers who forgot their lunch are magnetically drawn to the multi kitchen by the tantalizing aroma of tacos being served by the Foreign Language Club. Down in the Junior High lounge, men with deadened olfactory senses participate devotedly in the world's longest on-going card game.

Many students rush out of class at 3:15 p.m.; some even have special permits to leave early but not to get into a baseball or volleyball uniform. On the contrary, Cindy Schradie, Karen Kennedy, Cris Arcocha, and Leslie Van Sickle prefer the chic rust and yellow of a McDonalds original. Toddy Hackett, Ellen Johnson, and Steve Lott long for the haute couture of Vellmar plaid. Paul Rohr dreads the final gun at the U.T. home football games. That's when his work begins as he cleans up after the screaming fans. Betsy Souder and Mary Lewis enjoy a rather elegant introduction to the world of retailing at Jacobson's and the Emproium. Duane Love and Mark Cohen make sure that the shelves are stacked and the produce is fresh at Schorling's. Bob Houk and Zack Degucz earn extra money working for the Village Landscape Company. Still other O.H.S. students are freelance lawn mowers and babysitters. Trying to juggle a full academic and extracurricular schedule along with work responsibilities makes these students candidates for complete exhaustion and a required spring recuperation in Florida.

Outside, passers-by ponder a "For Sale" sign on the front lawn. What is the going rate for a fully equipped high school? Is there depreciation for tire tracks in the grass? Are snowballs thrown across the field hockey field less dangerous than those thrown on the front lawn? Is someone starting a used Jeep dealership in the Senior parking lot?

The building has as spirited a schedule as the students. After the dismissal bell, students arrive for dress rehearsal for *See How They Run*. The Physics room is converted into a lab for aspiring chauffeurs. The multi becomes the world's largest garage sale as the A.F.S. Rummage Sale works to raise funds in support of Corinna and some of our own students who will travel abroad this summer. Because of enrichment courses offered through the office of the community coordinator, village residents are dragged into the building by their enthusiastic dogs who are eager to get to their obedience class. The Industrial Arts room buzzes with fledgling carpenters.

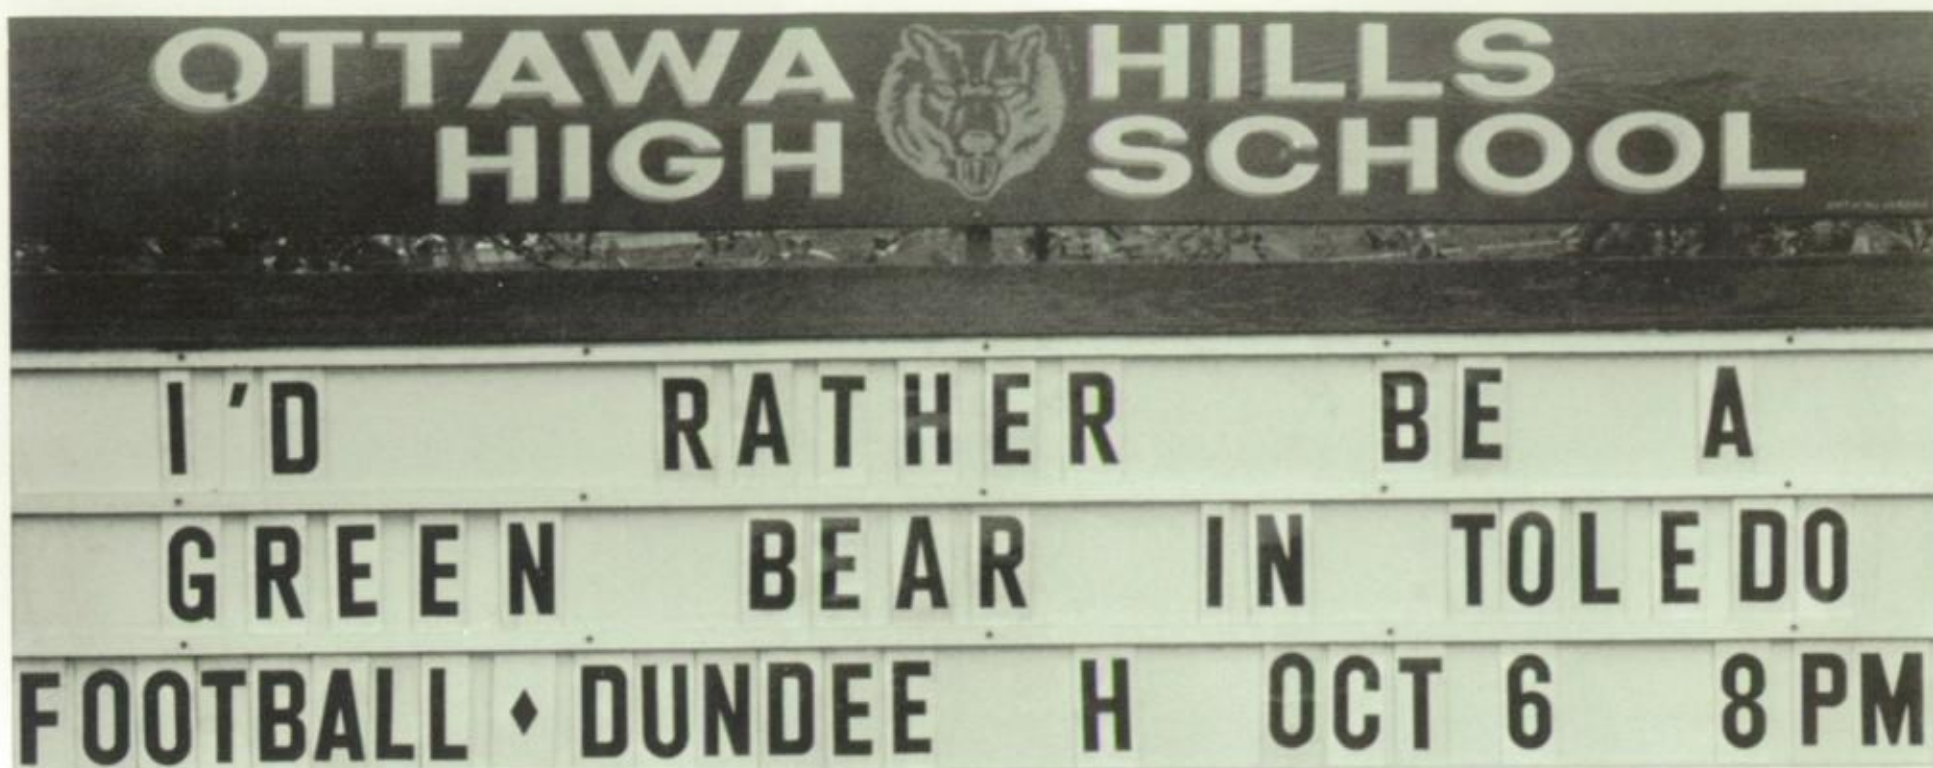

All photographs by M. Baldwin and R. Jamieson

The Village of Ottawa Hills is lively and growing, too. In July of 1978, the Village Council successfully completed the annexation of the Hasty Hill Farms, the former estate of the Marshall Reuben Family. This growth transaction was the result of litigation initiated by the developer who petitioned to have the property made part of Ottawa Hills. At present, there is a request to have the property transferred to the Ottawa Hills school district. The State Board of Education will rule on this decision. At this same time, a builder has bought the Canaday Estate and is in the process of developing the Inlands. With all of this progress and expansion, the Village limits sign which was for so long next to Epworth Methodist Church is now across from Wildwood Preserve. Diverse activities, busy schedules, enthusiastic students, a changing and growing community: it is this fast-paced, animated life style in the Village which inspires the 1979 *Mesasa* staff to adopt the theme of OTTAWA HILLS IN ANIMATION.

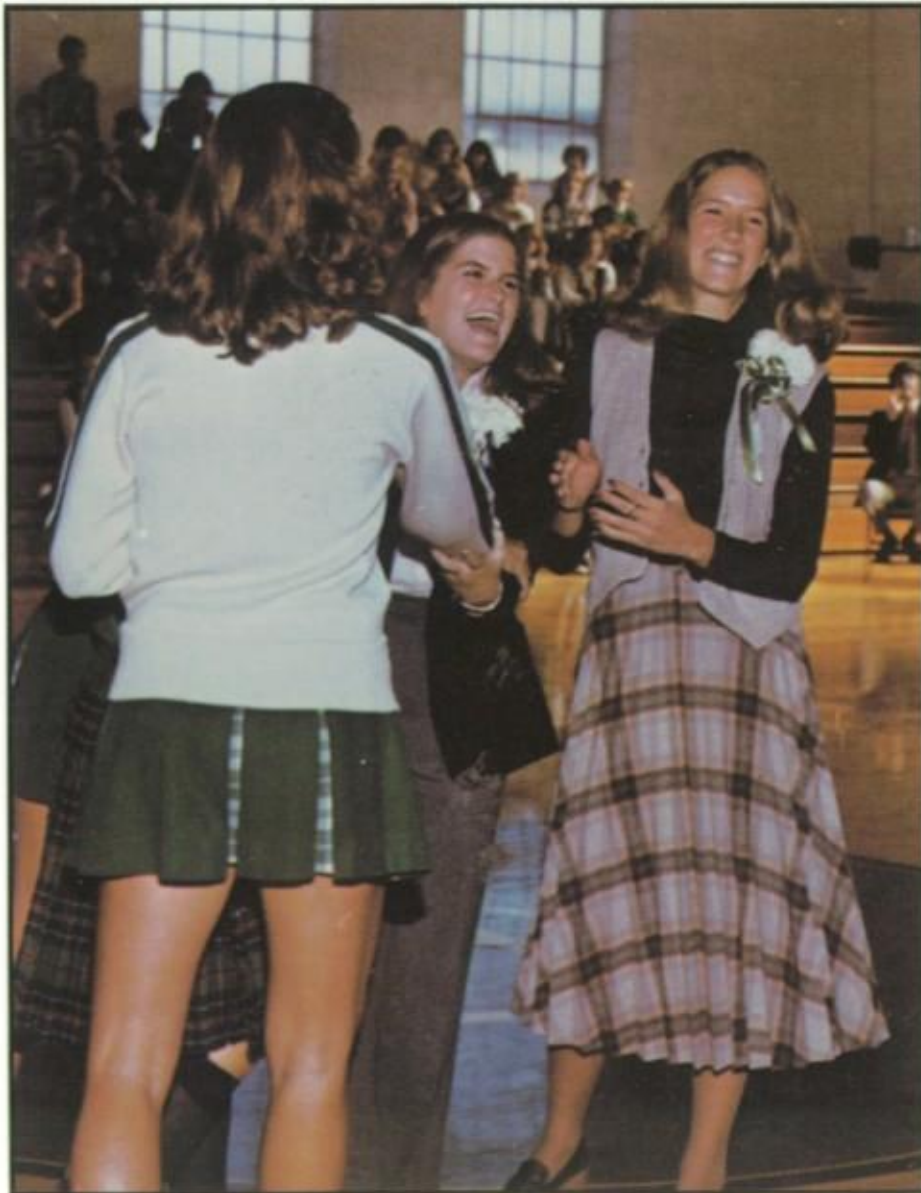

# I LOVE THE NIGHT

The weekend of October 27 and 28 was the biggest fall event at Ottawa Hills. The Sophomores produced Homecoming 1978, *I Love the Night*. Following tradition, the cheerleaders began ringing the victory bell at 12:15 to signal quiet which was to last until the afternoon assembly in the gym. The crowd sat in enthusiastic groups, each class cheering loudly to win the spirit contest. Mr. Casper began the assembly by introducing coaches of fall sports who described their teams' accomplishments. Most notably, Mrs. Pat Smythe proudly announced that her golf team brought home an enormous trophy for 2nd place in the State tournament. The cheerleaders donned *Green Ladies* costumes inspired by the recent movie "Grease" and sang a parody of the film's soundtrack for the football team looking forward to the game with Edgerton. At this point, a panel of judges chose the Juniors for the spirit award. The highlight of the assembly was the crowning of Queen Anne Coyne and her court: Susan Hable, Carolyn Spengler, Mary Lewis, and Susan Oelerich.

# I LOVE THE NIGHT

Saturday night, the Multi-Purpose room was converted into a shimmering, silver night scene with a glowing mirror light reflecting all around. Students danced to the music of Masque, a band which everyone agreed was *excellent!* Once again the Homecoming Court was presented to the crowd. The decorations committee had provided a stage area with armchairs for the attendants and a red velvet throne for the queen. Escort Kirk Rudolph crowned Queen Anne Coyne. Paul and Anita Daverio then presented her with flowers. Carolyn Spengler was accompanied by Greg Glosser. Susan Hable attended with Craig Colwell. Mary Lewis danced with Rick Brunner. Susan Oelerich was accompanied by Steve Gibbs.

# I LOVE THE NIGHT

The Green Bears of Ottawa Hills went into a game Friday night against stiff competition from Edgerton. It was an overwhelming loss, 34-0, but the tradition and pomp of Homecoming ceremonies and the Pep Band kept everyone's enthusiasm strong. The parade through the Village arrived at the stadium before the starting kick-off. At half-time, each of the classes from grades 9 through 12 drove floats with comic strip themes around the track. The Freshmen won 1st place honors with their Pink Panther float and slogan, "Berr-y the Bulldogs." One of the nicest traditions of Homecoming is the presentation of the Queen and her Court, each girl escorted by her father.

Ottawa Hills' progress in the past year has resembled world events, although on a much smaller scale. 1978 will be remembered historically for both great news and tragedy. The Catholic Church lost two popes in less than two months. Pope Paul VI's successor, John-Paul I reigned only 34 days. Much to the surprise of all, a non-Italian was elected to the papacy for the first time in over four hundred years. The Bishop of Krakow became Pope John-Paul II. At the same time, President Jimmy Carter was initiating the early autumn Camp David Peace Talks between Egypt's Sadat and Israel's Begin. The population of California spoke loudly at the polls for property tax reduction as they overwhelmingly passed Proposition 13.

In our own way, Ottawa Hills had its ups and downs. The football season was a disappointment. On the other hand, spirit was always high. The Senior members of the team had *Frost Wendy* t-shirts printed to motivate the Green Bears in their battle against arch-rival St. Wendelin. Senior study hall had a difficult time getting organized. Yet, the Senior class had an opportunity to cooperate for yearbook pictures on a beautiful September afternoon at the Inlands. New O.H. students found a way to meet new friends in home-ec class and at dances. The *Mesasa* staff enjoyed using the yearbook to reflect these times.

The weekend of February 17, 1979, marked the third annual Turnabout Dance. It was the second year that a king and his court were elected to create the male version of Homecoming. This year, the event was accepted more comfortably by the court and the student body than in previous years. The awkwardness of the senior men competing in a ritual similar to that of Homecoming seemed to fade. The Student Activities Committee of the Student Council, headed by Susan Oelerich and Sue Bloomquist, directed the activities of this year's Turnabout Dance, *Harbor Lights*. Following the tradition of Homecoming, the voting of the court was held one week prior to the dance and the king was elected Friday morning before the afternoon of the pep assembly. The pep assembly began on a somber note as Jim Geiger, President of Student Council, gave a speech on the consequences of drinking at a school sponsored activity. After the speech, the cheerleaders led the student body in a number of cheers. Next, they presented the captains of all winter sports with cakes. In the last few minutes of the assembly, Susan Oelerich presented the crown and scepter to the 1979 Turnabout King, Steve Gibbs. As members of the court, Jay Buckey, Doug Kincade, Rick Brunner, and Jim Geiger congratulated Steve.

Saturday night, the multi-purpose room was transformed into an energetic atmosphere illuminated only by a few *Harbor Lights*. Couples walked across a cleverly decorated New York Pier to reach the dance floor and enjoy the music. There were mixed reactions to the band, Full House, although most of the students stayed on their feet long enough to coerce the band into playing an encore. At 10:00 p.m., Steve Gibbs was crowned by his date, Kathy Riley. Jay Buckey and Theresa Theiler, Doug Kincade and Ellen Johnson, Rick Brunner and Mary Lewis, and Jim Geiger and Marge McLean surrounded Steve and Kathy during the festivities.

## GOING ONCE,

On Thursday, November 2, the underclassmen anxiously crowded into the gym while the seniors nervously awaited their fate. Jay Buckey auctioned off the first senior until \$298.75 had been collected. The Student Council agreed that all the money would be given to the United Way. The much anticipated event was an even bigger success in all aspects than in previous years, raising almost double the total amount from last year's auction. A large group of Freshmen vengefully combined their savings to buy Senior Steve Gibbs for a whopping \$52.00.

Friday morning, students doubled over in laughter or stared in amazement at the strange characters entering the main hall. Students saw two different Dolly Partons' who strangely resembled Brad Kropp and Ted Schalles and gawked at the Tin Man (alias Craig Colwell) and the duo of Tinker Bell and Peter Pan, the terrible twosome of Sue Oelerich and Sue Hable. The men had been transformed into voluptuous females, while many girls were still in their pajamas or swaying in grass skirts. The Underclassmen certainly took advantage of their opportunity for revenge on the Seniors!

## "SEE HOW THEY RUN"

This year's fall play, *See How They Run*, a light-hearted English comedy, delighted everyone. Directed and produced by Mr. Vance McCarter with the help of student director, Mimi Freedman, the performances were given November 17 and 18. The play revolved around a vicar, his wife, and a number of unexpected guests who arrive one weekend. Adding their dramatic talents to the play were sophomore Chris Riley and his sister Cathy, a senior, who were new to our school this year. Those who saw *See How They Run* considered it one of the best O.H. plays in years. The exceptional performances from the entire cast combined to produce a thoroughly entertaining evening.

## "KISS ME KATE" . . .

This year's Spring Musical was a lively production of Cole Porter's "Kiss Me Kate." The show, directed by Vance McCarter, displayed the many talents of Ottawa Hills' student body, including some outstanding choreography by Eric Armstrong. The story deals with the adventures of the cast of a Broadway musical version of Shakespeare's "The Taming of the Shrew." Fred, played by Eric Armstrong, is the producer-director-leading man of the musical. The leading lady, Lilli, played by Connie Hauman, is a movie star who was once married to Fred but is now engaged to a Texas millionaire, played by Marc Baldwin. The conflict between Lilli and Fred begins as Lilli learns of Fred's interest in Lois Lane (Carolyn Spengler), a flirtatious Broadway star who plays Lilli's sister in the show. The plot becomes further complicated when Bill (Gordie Todd), Lois' boyfriend who is also in the show, signs Fred's name on the I.O.U. of a large gambling debt. As a result, two gangsters (Neil Redkevitch and Mason Jones) lurk about the theater trying to get their money back. The play, which ran on March 15, 16, and 17, was a lot of fun and very entertaining.

Craig Colwell's musical debut was a smash.

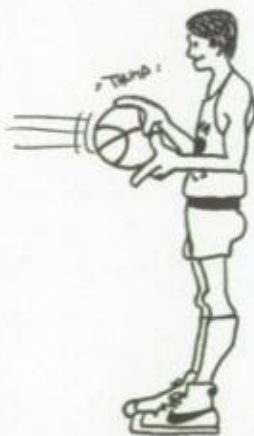

# MIGHT HAVE TO WAIT

The dates for the play were in question because boys' varsity B-Ball team had a chance to progress to the state tournament in Columbus, Ohio (over the same dates). Therefore, there was an alternate plan to change the dates of the play, in order to have the student body, parents, and friends to go and cheer on the team throughout the tournament. In the Napoleon gymnasium, Friday March 2, the Green Bears thrilled their fans with a win in six overtimes against Tinora High School. A week later, the 10th, the bears lost by 1 point to North Central in the District finals. Each of the team members and their coach Jim Ingham received a plaque commending them for this accomplishment. Even though the Bears didn't advance to Columbus, they did have a very impressive season by only losing three games. Maybe next year, the Green Bears will go to Columbus. But for this year, the show went on.

## Presenting The MESASA Staff

The 1978-'79 year brought several changes to the MESASA and its staff. Miss Margie Worman was promptly appointed the new advisor and then lost 20 lbs. and had her hair shrivel up. Combining their new ideas and efforts, Editor Leslie VanSickle and Miss Worman began to introduce their ideas to the staff to produce a totally renovated MESASA. The most noticeable change is the vast amount of copy and captions. This will help you remember friends, fads and events that filled the 1978-'79 school year. Another addition was the student index in the back of the book. Homecoming was also in color and expanded to 6 pages. Although MESASA is very time consuming and takes a lot of effort, we remember all the good times we had, and all the friends we made along the way.

## Presenting The ARROWHEAD Staff

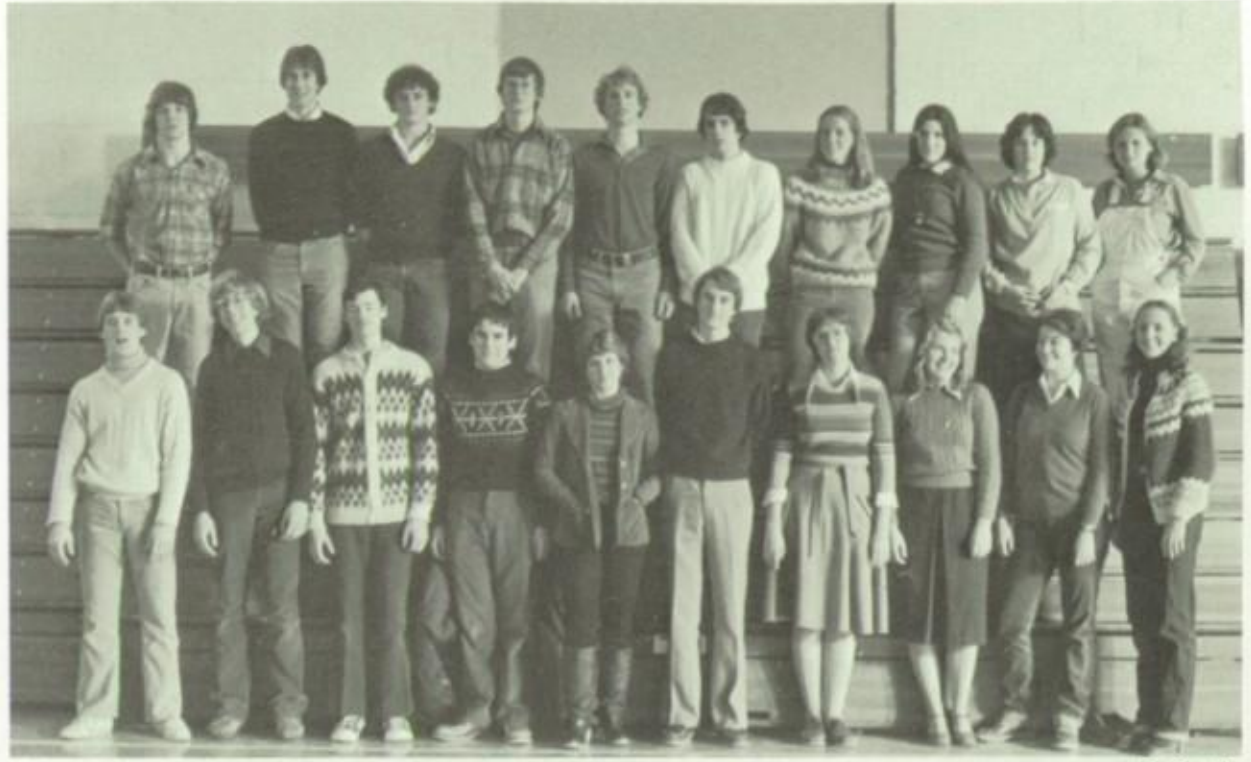

To give a more professional appearance and variety are two of the reasons this year's publication of the *ARROWHEAD* has changed to a new printing process. The new format makes it possible to incorporate color, more detailed artwork, and many other unique features. Increasing the number of pages from four to six or eight pages, has also increased the cost of publication. Therefore, the newspaper is issued three times a quarter instead of once every two weeks.

Ottawa Hills has always been proud of its dramatic clubs and their productions. Under the direction of Mr. Vance McCarter, the Drama Club presented two outstanding plays this year. Both *See How They Run*, the Fall play, and *Kiss Me Kate*, the Spring Musical, showed off the many talents of our student body. Not only do the participating students have a chance to enjoy themselves at something they like to do, but they also have the opportunity to learn something about the theater. Under the continued guidance of Mr. McCarter, the members of the Drama Club hope to live up to the high standards they've set for themselves.

# FAMILY ALBUM

Corinna enjoys a sucessful year at Ottawa Hills.

J. Noble

"America is very different. For instance, our schools are much different. If we want to back an issue in our town, we have the right to go on strike from school. My school is also much harder." This is the response Corinna Consigli gave when asked about her impressions of America. At Ottawa Hills, Corinna participated in many activities. She was a member of the Girl's Basketball team and a member of The A.F.S. club. Outside of school, Corinna enjoys listening to classical music, Neil Young, and Cat Stevens, to name a few. Her hobbies include volleyball, reading, writing letters, poems, and Theater. When asked what her favorite American food was, she promptly replied, "Ice cream! In American, you have many foods we do not. For instance, brown sugar, 7-UP, and chocolate chip cookies." In Italy, Corinna lives in the city of Parma. Parma is about one-half the size of Toledo. "My city is a mixture of the old and new. Parma also has more public transportation, like motor bikes and subways." What does the future hold for Corinna? She plans to return to Italy, finish her last year of high school and then go on to college. She is undecided as to what she'll do after that. Corinna summed up her year saying, "I have enjoyed this year so far with my family and new-found friends."

This year's chess team started out a promising season with an 8-0 win over Swanton. At press time, the team had reached the season's half mark still undefeated. Playing a tough game at first board is Junior Joal Gottlieb, who has all ready reached 1500 points. He is strongly supported by his teammates, including Richie Rosenthal and Juan Arcocha alternating at second board. The chess team, one of the best in Ottawa Hills' history, has a right to be proud of its accomplishments. It has pulled out from the bottom of its class last year to be ranked number one. "I'm really proud of them," stated Advisor Mrs. Fleck. "In my five years as advisor, this is the first time a player on one of my teams has scored over 1500 points."

# NO LACK OF SPIRIT AT OTTAWA HILLS . . .

. . . because of the enthusiastic support of the Green Derby Club. Green Derby originated two years ago when Lori Mitchell and Susie Franklin saw the need to have a club specifically for encouraging school spirit. This year Green Derby has been involved in various school oriented activities such as: doughnut sales, sign making, button sales, and the sale of various other spirited supplies. Their largest fund raiser was the Homecoming football and Mum sales.

One of the club's major problems, according to President Susie Franklin, has been the fluctuation of student participation. Student response this year has, however, improved significantly as compared to last year.

Green Derby is also concerned with giving support to all sports, for instance, during wrestling season they supplied the O. H. Grapplers with oranges before matches. Many of the sports, though, are self-sufficient in supplying their own needs and supplies. One of the Green Derby's main goals for the next year is to get students involved in all sports activities.

Walking down the scholarly halls of O.H.H.S., you begin to see certain articles over and over. Just like any other school, Ottawa Hills has its fads. No matter the temperature or external conditions, Topsiders are seen attached to the majority of feet at O.H.H.S. The durable moccasins are worn with everything and for every occasion. Then, when a trace of snow has fallen, those who have a wide selection of shoes, put on the good old L.L. Bean boots in order to bear the elements. Outsiders might think the Maine located L.L. Bean store was right next to the school. If you're not wearing Bean boots, you're probably wearing the rugged hiking boots. It looks like half the school is going to climb a mountain. To compliment their Topsiders, everyone wears their Fair Isles sweaters and button down Oxford Cloth blouses underneath. Of course, there are those funny looking LaCosta alligators attached to various types of clothing which can be spotted in every classroom.

Walking outside of school, you see a down vest plastered on the back of practically every student. Attending the most fashionable O.H. social gatherings are cowboy hats ranging from straw to leather. Then there were "perms" and "bodywaves." O.H. females plagued the beauty shops in order to transform their hair into a head of curls or put a little more body into their hair.

There were certain things that became fads overnight. Disco swept the entire country. Toledo opened its own Disco Kid giving teen-agers the chance to be young Studio 54 goers. Everyone went around saying "Na-Nu Na-Nu" and waited eagerly on Thursday nights for ABC's new hit "Mork and Mindy." Many listened to Billy Joel every half hour on the radio while they were curled up with a good book like *The Thorn Birds* or *Evergreen*. These were only a few fads that characterized the 1978-'79 school year.

# STUDENTS PLAN ACTIVITIES FOR YEAR

This year's Student Council, led by President Jim Geiger, sponsored many fun and interesting activities. Officers, class representatives, committee heads and Advisor, James Ingham, began this year's fund-raising drive with a magazine sale. The sale was the major fund raiser of the year and required the efforts of many people. The officers started early in the summer planning other activities, such as, the Fall Fling Dance, Turnabout and other dances. This year the Council added a new club to its membership, the Green Derby Club. This provides the school with a much needed "Spirit Club". Although the absence of Betsy Schendel left the Council minus a Vice President, Susan Oelerich and Sue Bloomquist were appointed to head the Student Activities committee which was formerly the duty of the Vice President. Overall, Jim Geiger felt the Council had accomplished many of its goals. "Very simply, the duty of the Student Council is to provide the students with a variety of activities at the lowest possible cost", stated Jim.

The OH Green Bear Gridders had a rough time battling its tough schedule. In fact, the Bears finished 2-7 on the season. The team lost some tough games because of lack of experience, physical size, and too many injuries. The team did, however, have one big highpoint. That was beating Macomber, a Triple A school, in a hard fought battle the second week of the season.

The Bears were pushed through the season by Co-captains Mike Hatcher and Steve Gibbs, a two-time All-League performer. Some other outstanding individual players include Andy Dye, the only three year letterman, and Don Moree, the powerhouse of the backfield. Besides all of the seniors that played, there were many underclassmen who gained valuable experience. With these underclassmen and fewer injuries next year, the Ottawa Hills Green Bear Football Team should be on the upswing.

The team was lead by Captain Brad Kropp, a four year letterman. Brad tallied eight medalist honors for the Green Bears in regular season matches and in post season play was runner-up medalist at Districts and finished sixth in State individual competition. Bruce Bales was medalist at the Whitmer Invitational. Burt Jamieson finished third individually at State.

The season was highlighted when the Bears traveled to the State Tournament in Columbus for the second consecutive year. Because all varsity members had played the Ohio State Scarlet Course the previous year, this playing experience proved beneficial. The Green Bears improved from a sixth place finish in '77 to a second place finish in '78 to Gates Mill Hawks the defending champs.

# VARSITY FIELD HOCKEY

The Ottawa Hills varsity field hockey team received two new invitations this year: one to the Michigan High School Field Hockey Tournament and the other to the Ohio State Field Hockey Tournament.

On October 28th, the field hockey team drove to Kingswood, Michigan where they competed in the Michigan High School Tournament, otherwise known as "Playday." Ottawa Hills High School was seeded fifth in the tournament out of a total of twelve teams. Although they were defeated in the semi-finals, the Ottawa Hills varsity field hockey team managed to place fourth in the state of Michigan.

After a successful season, the varsity field hockey team was honored by being chosen as one of the sixteen teams to compete in the first Ohio State Field Hockey Invitational in Dayton. The girls lost their first game to the second seeded team, Fairmont East. This defeat did not discourage our varsity field hockey team. Next the girls proceeded to the consolation round where they were victorious in their next three games and became the consolation champions. This victory placed the Ottawa Hills High School field hockey team in fifth place in the state of Ohio. Coach Sandy Osterman commented, "I was very proud of my team this year. I felt it a great honor to take fifth place in State and work with such a fine bunch of girls."

Most Valuable Runner Fred Roberts helps lead the team to the State Tournament.

The 1978 Ottawa Hills Cross Country Team ran its way to a fourth consecutive MOBC Championship. The team was led by Senior Captain Kirk Rudolph and M.V.P. Fred Roberts. The remaining top seven harriers included Jim Geiger, Alan Michelson, Marc Baldwin, Joel Gottlieb, and Brian Leighton.

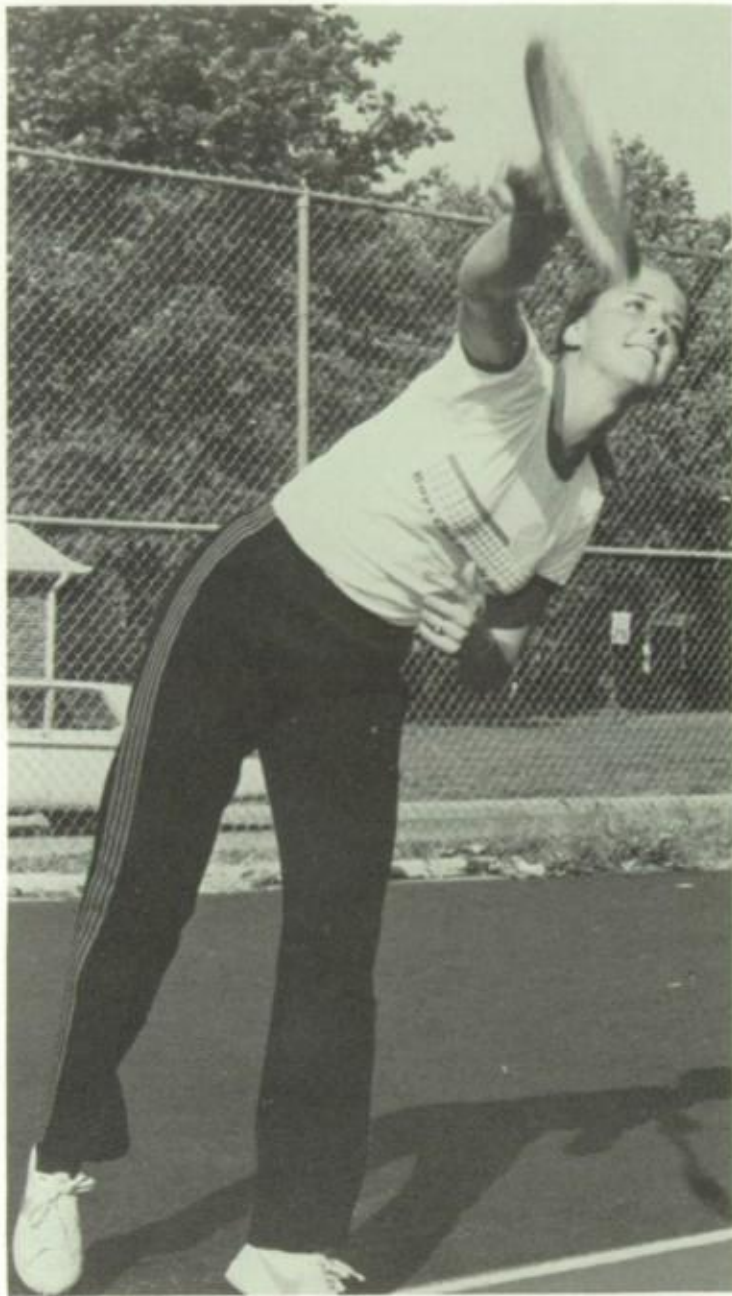

One of the high points of this year's season was that the Cross Country team stretched its winning streak to fifteen consecutive dual meets in the MOBC, during the last four years. In addition, the team won its first invitational which was the Warrior Invitational hosted by Emmanuel Baptist. Even though this year's team had many great accomplishments, the most rewarding was placing third at the District Meet and then going on to place as the #10 Cross Country team in the state of Ohio. Coach Chris Hardman summed up the season by saying, "This has been truly the most satisfying season that the team has ever had. We have gotten the most out of the talent that we had."

The 1978 girl's tennis team volleyed its way to the state tournament for the second consecutive year. The team, led by captain Carolyn Spengler, went undefeated in regular season play. One of the biggest assets of this year's team and future teams is depth. Sharon Young, Susan Bloomquist, Kelly Coleman, and Laurie Imes are returning starters for next year, and the other three players saw some action this year giving them the experience they'll need for next year.

R. Jamieson

The ultimate goal of any high school athletic team is the state tournament in Columbus. This year for the boys' basketball team, the state tournament is a very realistic goal. Head coach Jim Ingham has guided the Bears to a very successful season. He has been assisted again this year by former O.H. basketball player Mike Tanner. The Bears have been led all season by what has become known as the "big three" — Reeves Northrup, Paul Abendroth, and Burt Jamieson. Backing up the "big three" were Craig Kelley, Jim Geiger; co-captains, Jay Buckey and Rick Brunner, Mike Hatcher, Greg Ames, Dave McHugh, and Todd Shaffer. Senior Bill Beans saw action in the first six games of the season, but was side-lined because of illness.

The season started with three victories over North Central, and league foes Dundee and Ida. In the fourth game, the Green Bears were pitted against a very tough Swanton team, and were defeated. The Bears beat rival Northwood, and then faced Old Fort. Emotions were high for the Old Fort game and Burt Jamieson, breaking a 16 year-old school record, scored 45 points leading the Bears to an 83-67 victory.

Over Christmas vacation, the team didn't have a game for 18 days. This affected the Bears somewhat as they stumbled past arch-rival Pettisville and Maumee Valley. The Bears captured another close contest with Dundee and the next week were scheduled to battle Ida for the league crown. The team shaped up and defeated Ida 59-51 sewing up the league championship.

With victories over Hilltop and Whiteford, the Bears' winning streak was up to eight games. This streak was halted when Northwood pulled a big upset, defeating the Bears 51-42. With five games left before the tournament, the team knew they would have to start working hard. They squeaked by Woodmore, and then demolished Fayette 83-53. The next two games were recorded in the victory column over Bettsville and Emmanuel Baptist.

For the final game of the regular season the Bears travelled to Old Fort, Ohio for a re-match against the Stockaders. It was the last game to be played in the Old Fort gym, and everyone from the town came to watch. The two teams battled closely until the fourth quarter when the Bears pulled away with an 88-71 victory.

The Bears finished the regular season with 16-2 record and received the first seed in the sectional tournament. As of March 1, the Green Bears recorded their first victory in the sectional over Hicksville 98-48, with high hopes for the state tournament.

Although the J.V. record did not reflect a winning season, O.H. basketball should be somewhat strong over the next few years. J.V. Coach Craig Snyder took his young inexperienced team onto the floor against many older and more experienced teams. The cagers were led by sophomore captain Phil Newell, and three freshman; Jim Durfee, Gary Geiger, and Curt Hitchner. The team showed steady improvement throughout the season, and they finished the season on a good note.

# ICERS IN ACTION

Although hockey is in the experimental stages at Ottawa Hills, the sport has caught on quickly and is becoming widely accepted as a regular varsity sport by the student body. Right now, the hockey program is on a three-year trial basis and is solely financed by the individual players and their parents. However, if at the end of the third year the school agrees to make hockey an established varsity sport, it will then become partially school sponsored.

During their second year of hockey the O.H. Icers made great strides in correcting and bettering themselves from last year. Co-captain Fred Roberts commented, "Last year was the year that we made our mistakes, and this was the year that we corrected them. I feel that we've come a long way, and with the upcoming talent from younger grades, the only way we can go is up." The hockey players began conditioning in the fall with off-ice practices. With the help of Head Coach Albie Booth and Assistant Coach Steve Zeleski, their practices became more organized and demanding. Faculty Advisor John McKee inspired and guided the Bears throughout the season. Co-Captain Brad Kropp said, "I feel that the hockey team really pulled together as a team this year for the important games. In spite of a few mental lapses, all in all, we had a much better season."

Coach Rotondo explains the strategies of wrestling to his athletes.

The Green Bear wrestling squad has been on the upswing over the past few years. Much of the credit for this trend is due to second-year coach Maurice Rotondo, along with the help of assistant Coach Dave Iberra. The team has grown both in numbers and ability. The squad was anchored by seniors Andy Dye, Jay Elliott, Tom Hsu, and Steve Gibbs, all of which are four-year lettermen. Junior Sean Tavtigian pulled out the best individual record on the team. Freshman Hal Goldwire also recieved his share of wins. The Bears' win-loss record does not reflect the productive season. The team might not have won many dual matches, but in every regular season tournament at least five individual O.H. wrestlers placed. The squad did, however, suffer from a lack of experience in several weight classes. However, all of the inexperienced men who wrestled this year will be back next year. This year's team will graduate five wrestlers, including the four named above and Rick Bennett. Even with the loss of these wrestlers, the wrestling team should be able to keep the positive trend going next year.

With two innovations, 1979 was a year of change for the Green Bears. First, contestants were restricted to participating in the same event no more than two times in a week. "This new rule was a disadvantage to the younger students because they had to compete in the larger meets where they did not have much of a chance against the older students," commented Coach Ron Stewart. Secondly, the O.H. track members competed on a new track. All oval races such as the quarter mile, half mile, and two mile were run in metric lengths. "The design of the new track was a definite deterrent to leg and foot injuries," commented Coach Ron Ricketts.

## PRESENTING . . .

Gary Burkhart, who is most recognized for his tennis achievements. Gary started playing in tournaments when he was seven. He has been coached by tennis pro Bruce De Boer, and members of his family. Gary has played in such tournaments as the Western Close, River Forest, and a Canadian International Junior Close. The farthest Gary has advanced in these tournaments so far is to the position of first alternate in the nationals. To get to the nationals you have to win in both the Western Close and the Western Open. In the future, he hopes to be able to play in the Nationals.

Gary is also interested in basketball. He hasn't been to any basketball camps yet but has been coached by John Wasyisyn, Ottawa Hills coach Snyder, and brother Craig Burkhart.

In his spare time Gary enjoys playing the piano and playing family football. Gary's goal for next year is to play varsity basketball with Burt Jamieson and all the tall men at O.H.H.S.

## PRESENTING . . .

Mariann Kern has been riding horses for eight years. Inspiration was from her aunt who used to ride, and Mariann was the only person in her family who was interested in horses. Riding is a difficult hobby to start, and is also quite expensive. Last November she got her own horse named Sunkist. Sunkist is a six year old thoroughbred and is boarded at Windsong Stables. Mariann practices after school for two hours four or five times a week. Basically, working is hard, but it pays off. Mariann has placed in many shows, doing such things as jumping, her average height being 3'6", and showing. She has received more than fifty-four first places, and various other places. Last September she was in a show in Chicago, and received two 2nds and one 4th. She was also in shows in Indiana and Michigan last summer. Mariann rides English, which is a more graceful and perfected style of riding, as opposed to rough-riding Western. Mariann is encouraged by her family, and has many goals to go for. One is to go to Madison Square Garden, another is to go to the Olympics. She also hopes to go to the Royal Winter Fair in Canada this coming winter. Mariann will live on a farm with a lot of horses, and she "will ride forever."

## PRESENTING . . .

What, are you seeing double? No, it's probably just the Roberts twins, Chris and Tom. The Roberts are 7th graders in the Junior High and already establishing themselves in OH athletics. Both Tom and Chris ran with the Cross Country team in the fall. After running for 6 years previously, they finally could run with an organized team. Also, Tom and Chris have been playing hockey for 6 of their 13 years.

## PRESENTING . . . FEATURE TEACHER

B. Condit

Mr. O'Connell takes a breather during freshman basketball practice.

Karen Kuhlman attended Bowsher High School where she first started getting involved with the social problems of life. In her Junior and Senior years of high school, she became involved in The Bridge, Inc. and The Family Tree. She would speak to younger students and emphasize the problems of drugs and drug abuse. Her deep concern for social problems influenced her studies at Capital University. She began her work with the Buckeye Youth Center which dealt with juvenile delinquent boys. As a sophomore, Miss Kuhlman worked at the Childhood League pre-school for the mentally disturbed children. While in college, Miss Kuhlman worked on three majors: Psychology, Sociology, and Education. After graduation, she became a social-worker with Children's Services. Her brief term as social-worker brought her to her teaching job at O.H.S. Her past experience with people has made her a well-qualified teacher.

# LEARNED LAUREATES OF LANGUAGE AND LITERATURE

## PRESENTING FEATURE TEACHER

## AREA ENGLISH TEACHERS NAMED AWARD FINALISTS

Four finalists have been selected for the first Outstanding Teacher of English award sponsored by the northwestern Ohio chapter, Public Relations Society of America.

The teachers are Eileen Hudgin, of DeVilbiss High School; James Kwiatkowski, of St. Francis de Sales High School; Elizabeth Papps, of Bowsher High School, and Barbara Wagner, of Ottawa Hills High School . . .

M. Baldwin

Mr. Koester has been leading a drive for several years to get PRSA chapters around the country to recognize outstanding English teachers and to encourage teachers to stress clear and concise writing in the classrooms. The four finalists were selected from a group of nominees who were screened by a committee of professional educators.

*wagner* (wag' ner) n. A teacher of Junior English who is dedicated, encouraging, intellectual, enthusiastic, outstanding, and difficult. A wagner is often seen giving overbearing assignments consisting of vocabulary lists of 2000 words, double F essays, *Billy Budd* projects, *Scarlet Letter* papers, reading assignments, etc. A wagner is always right and works extensively at getting her point across. While gesticulating and using facial expressions such as smiles, smirks, and quirks, a wagner can be seen snapping fingers in front of a student's eyes and dancing across the room. Favorite vocabulary includes "skippy yippy," "Boo," and "broohaha." A wagner is a wife, mother, and teacher, in that order, who adores Hemingway, Vonnegut, Shakespeare, sewing, baking, and swimming. A wagner can be found in room 119 in O.H.S. grading a stack of book reviews usually two feet in height. Watch out! a wagner is notorious for turning a rebellious Junior into a lover of English.

I'm ready. Mrs. Barbara Wagner was born on Dec. 27 19(?) in Toledo and also grew up here attending Notre Dame Academy and graduating from the University of Toledo. She can proudly claim that she is a first generation American with an Irish and German heritage. Away from the hub-bub of the classroom, Mrs. Wagner spends her spare time at home tending to her husband and two daughters (16 and 19). Ever since beginning to sew, she has saved a piece of material from everything she has sewn with the intention of someday making a quilt. Her travels have taken her to Hawaii, Florida, Canada, and recurrently to Northern Michigan for the fishing and the air. She is continuously adding to her collections of owls and swans; owls for their wisdom and swans for their beauty. This past summer, Mrs. Wagner was chosen as one of the four top English teachers in the city as accounted in the article run in *The Blade*. In addition to various stages of English, she has taught Social Studies, Speech, and Drama. Her background in drama has involved her in various plays including *The Crucible*, *Born Yesterday*, and *Hedda Gabler*. Ironically, from the standpoint of one of her run-down students, her favorite book is only 119 pages long, entitled *Mr. Blue* by Miles Connolly.

## PRESENTING FEATURE TEACHER

Biology, tennis, woodworking, household projects, and travel are included in the busy life of this featured teacher.

Mr. Maurice Rotondo, expresses an attitude for the love of hard work. Mr. Rotondo is doing graduate work on a specialist's degree in administration. Mr. Rotondo feels that he will have a head start and a better chance of getting a job in administration upon receiving the degree. Besides the administration degree he is working on, a Master's degree in counseling is already credited to him.

Mr. Rotondo spends his leisure time in not such a leisurely manner. He plays league singles and mixed doubles tennis with fellow teachers; Mr. Ingham, Mr. Ricketts, Mr. Stewart, Mr. Karcher, and their partners. At home, Mr. Rotondo occupies his time by building wood furniture, working in his garden, and cooking. Finally, he wrestles competitively in the A.A.U.

The activities are many, but Mr. Rotondo seems to put his job in the number one spot. His classes are well-taught and the curriculum is through. He is a busy, hardworking man and the student body should be proud to have a teacher such as Marv Rotondo.

## THE FUTURE

— L. Perry

The school year of 1978-79 has been accompanied by new science classes. The new classes were Anatomy and Physiology, and Zoology and Botany. These classes proved to be very successful and beneficial to the students that participated in them. The new courses prompted a great interest in science. Along with the new classes, two science clubs were formed. The Physics club and the Chemistry club (pictured above). As far as their achievements, we're not sure. So far, they seemed only to be an early-bird munch-out.

# What it takes to be No.1

by Vince Lombardi

## You've got to pay the price.

"Winning is not a sometime thing; it's an all-the-time thing. You don't win once in a while, you don't do things right once in a while, you do them right all the time. Winning is a habit. Unfortunately, so is losing.

"There is no room for second place. There is only one place in my game and that is first place. I have finished second twice in my time at Green Bay and I don't ever want to finish second again. There is a second place bowl game, but it is a game for losers played by losers. It is and always has been an American zeal to be first in anything we do and to win and to win and to win.

"Every time a football player goes out to ply his trade he's got to play from the ground up—from the soles of his feet right up to his head. Every inch of him has to play. Some guys play with their heads. That's O.K. You've got to be smart to be No. 1 in any business. But more important, you've got to play with your heart—with every fiber of your body. If you're lucky enough to find a guy with a lot of head and a lot of heart, he's never going to come off the field second.

"Running a football team is no different from running any other kind of organization—an army, a political party, a business. The principles are the same. The object is to win—to beat the other guy. Maybe that sounds hard or cruel. I don't think it is.

"It's a reality of life that men are competitive and the most competitive games draw the most competitive men. That's why they're there—to compete. They know the rules and the objectives when they get in the game. The objective is to win—fairly, squarely, decently, by the rules—but to win.

"And in truth, I've never known a man worth his salt who in the long run, deep down in his heart, didn't appreciate the grind, the discipline. There is something in good men that really yearns for, needs, discipline and the harsh reality of head-to-head combat.

"I don't say these things because I believe in the 'brute' nature of man or that men must be brutalized to be combative. I believe in God, and I believe in human decency. But I firmly believe that any man's finest hour—his greatest fulfillment to all he holds dear—is that moment when he has worked his heart out in a good cause and lies exhausted on the field of battle—victorious." \*
